

Debrief and feedback return

Once you are back · Started on site; closed within two weeks of return

What goes back into the handbook. Started in the field, closed within two weeks. Under two hours. Attach to the CCD closure report.

Hospital	Unit / area	Completed by	Date

1. Version and completion

Handbook version followed	Trip dates	Site	Team

2. Instruments — completed, skipped, and why

A skipped instrument is a finding about the handbook, not a failure of the team. Say so plainly.

Instrument	Completed?	If skipped or partial — why?
B-1		
B-2		
B-3		
D-1		
D-2		
D-3		
D-4		
L-1		

3. Where the handbook was wrong on site

Page or instrument, what it said, what was actually true:

4. What you had to invent because it was not covered

5. Outcome scores at departure (from D-4)

Adoption	Fidelity	Penetration	Sustainability (fill at 6 / 12 months)

6. The three questions you wish you had asked while still there
